### Straight Talk:

- Non-interest-bearing accounts, IOLTAs and SpiritBank's Specially Insured NOW Accounts = Unlimited FDIC Coverage
- All other SpiritBank Accounts = \$250,000 FDIC coverage (previously \$100,000)

**Non-interest bearing transaction account.** A non-interest-bearing transaction account (*as determined and set by the FDIC*) is defined as a transaction account with which interest is neither accrued nor paid. This definition includes accounts that allow for an unlimited number of deposits and withdrawals at any time.

**Individual Retirement Accounts (IRA's).** IRA's continue to be insured separately from other deposit accounts up to \$250,000 per individual. The insurance coverage for these types of accounts became permanent effective April 1, 2006.

**Maximizing your FDIC insurance coverage.** If the amount in your account exceeds \$250,000, we can help you maximize your FDIC coverage. If you have more than \$250,000 in deposits with us, it may be possible to insure these funds, depending upon the type of ownership category they fall under and the type of account in which they are deposited. SpiritBank is also a member bank in the CDARS<sup>3</sup> (*Certificate of Deposit Account Registry System*), which means your money can be FDIC insured up to \$50 million per customer.
